In a world where industries demand seamless mechanical power transmission solutions, PIX Transmissions Ltd. emerges as the pinnacle of innovation and reliability. From our cutting-edge manufacturing facilities to our global support network, we pride ourselves on delivering unparalleled excellence in the realm of power transmission products like FAN BELTS, TENSIONER.

At MEM Gujarat we provide a variety of solutions for the infrastructure, construction, mining, cement and port industries. Please find below a few of our offerings.

We provide customized diesel/fuel bowzers which are used to refuel heavy equipments/gen sets on-site. The tank and dispensing system is fabricated and mounted on a vehicle or trolley (as per requirement) ensuring control on fuelling operations, ensuring no contaminants to enter the equipment, protection against theft and pilferage and lastly, eliminating unsafe and messy barrel refuelling.

We fabricate various capacities of SAMAY® Diesel Bowzers from 950 litres to 24,000 litres and also assist with CCOE (Chief Comptroller of Explosives) approval wherever required.

SAMAY® SPECIALISED VEHICLES:

- (1) SAMAY® Diesel Bowzers for Fuelling of equipment on-site
- (2) SAMAY® Service Vans for Repairs and Maintenance of equipment on-site
- (3) SAMAY® Explosive Vans for Safe Carriage of Explosives
- (4) SAMAY® Water Tankers for Water Monitoring and Sprinkling
- (5) HECTRONIC FUEL MANAGEMENT SYSTEM:
- (6) Dust Separation

OUR VISION

at MEM Gujarat, we aim to provide your enterprise with the best value for your investment with us by focusing on three principal ideas

Quality : MEMG emphases in maintaining outstanding quality standards in term of both our product range and the customer service we offer your organisation.

Easy accessibility : with MEMG your organisation is only an email or pone call away from a high quality, economics and versatile product range. Our representatives are always hand to assist you with any queries of address all your concerns, while our dedicated service team help you optimize the benefits from your equipment.

Rapid growth : At MEMG we believe in constantly innovating and expanding our product range to match the growing needs of your organisation thus making world-class technology locally and easily available.
